Huniox Snack Cool Bag
Huniox
HXSCB

INTRODUCTION

Please read this manual carefully and thoroughly before taking any action with the product to ensure proper use. The information is provided for reference only; due to updates, there may be differences. The images shown are for illustrative purposes. Product design and functionality may vary without prior notice.

BOX CONTENTS

Thermal bag and refrigerant gel pack ideal for lunches and snacks

SAFETY AND WARNINGS

This product is designed to temporarily carry and preserve food and beverages, maintaining their temperature for a limited time. It includes a reusable thermal bag and a reusable external refrigerant gel pack. To ensure safe use of this product, please follow these precautions and warnings.

General Warnings:

- This product is **NOT** a toy. Keep out of reach of small children, especially when the cooling pack is outside the inner compartment.
- **Not suitable for microwave or oven use.**
- Do not use to heat food. Do not place in microwave, oven, or expose to direct heat sources.
- **Keep out of reach of small children.**
- Do **NOT** ingest contents of the gel pack. The contents are non-toxic but are **not intended for consumption.**
- **For external use only.** Do not apply the gel pack to skin or use for therapeutic purposes.
- Periodically check the condition of the product. Do not use if there are visible damages, punctures, swelling, or leaks.

Proper Use of the Thermal Bag:

1. **Main use:** To keep food cold. It can also retain the heat of already hot food for a limited time, as long as the refrigerant gel pack is not used.
2. Do **not** place hot food directly into the bag when using it with the refrigerant gel pack.
3. Properly close the zipper to maintain thermal insulation. Improper closure compromises the product's effectiveness.
4. **Avoid** contact with sharp or pointed objects, as they may damage the inner lining or the cooling pack.
5. Do **not** place in contact with heat sources such as stoves, irons, or radiators.

Proper Use of the Refrigerant Gel Pack:

1. **For external use only. DO NOT ingest.**
Although it contains non-toxic substances (water, glycerol, and carboxymethylcellulose), the contents are **NOT** edible and are not suitable for direct contact with skin or mucous membranes. Do **not** apply to the skin or use for therapeutic purposes.
2. **Do not puncture or cut.**
If leakage or damage to the container is observed, discard immediately.

3. **Do not heat or place in the microwave.**
This product is designed exclusively for cold use.
4. **Keep frozen for at least 2 hours before use** to ensure effectiveness.

INSTRUCTIONS FOR USE

Product Use

For the best user experience, carefully follow the usage instructions below along with our recommendations. This will ensure proper use and better care of the product.

Step 1: Freezing the Refrigerant Gel Pack

Place the refrigerant gel pack in the freezer for at least 2 hours before use. Make sure the pack lies completely flat to allow the gel to distribute evenly.

Step 2: Preparation

Once the refrigerant gel pack is completely frozen (minimum recommended time: 2 hours), remove it from the freezer and place it inside the thermal bag along with the food you wish to keep cold.

Step 3: Use

Arrange your food and drinks around the refrigerant gel pack to keep them cool for hours.

MAINTENANCE AND CARE

Store in a dry place at room temperature, away from direct sunlight. Avoid exposure to extreme conditions. Always follow the manufacturer's specific instructions for proper use and care. Dispose of this product responsibly according to local regulations when it reaches the end of its useful life.

Following these recommendations helps maintain the quality and performance of your product for a longer time. If the product is handled by a minor, a responsible adult should supervise to prevent injury.

Cleaning and Usage Care

Follow this list of recommendations to avoid premature wear and tear of your product.

If you notice clear signs of deterioration—such as excessive discoloration, yellowing of parts that should be transparent, or cracks and breaks—replace the product.

To ensure safe use and keep your **HUNIOX® Snack Cool Bag** in good condition, follow these guidelines:

1. Cleaning

- Wipe the inside and outside of the bag with a damp cloth and mild soap after each use.
- Do not use abrasive products, solvents, or bleach, as they may damage the materials.
- Do not machine wash or fully submerge in water.
- For the refrigerant gel pack, gently clean it with a damp cloth. Do not submerge or wash directly under running water.

2. Additional Care

- Avoid prolonged exposure to direct sunlight or heat sources (radiators, stoves, etc.).
- Do not insert sharp objects that could damage the inner lining or puncture the refrigerant pack.
- Do not use the bag or gel pack if they emit unpleasant odors, show signs of mold, leaks, swelling, or visible damage.

3. Proper Use

- Use the bag with cold or room temperature food.
- If you wish to retain heat in your food, do not use the refrigerant gel pack at the same time.
- Do not place hot food directly in contact with the interior if the gel pack is in use.
- Ensure the zipper is fully closed to maintain the effectiveness of the thermal insulation.

4. Storage

- Store the product only when it is completely dry.
- Keep it in a cool, dry place away from direct sunlight.
- Do not store with heavy objects on top, as this could deform the structure of the bag or damage the gel pack.

By following these guidelines, your **HUNIOX® Snack Cool Bag** will function safely and remain in good condition for a long time.

GENERAL SPECIFICATIONS

- **Product Name:** Huniox Snack Cool Bag
- **Brand:** Huniox
- **Models:** HXSCB: HXSCB-PINK, HXSCB-DINNY, HXSCB-BIRDIE, HXSCB-BLUE & HXSCB-BLACK
- **Product Type:** Thermal bag with reusable refrigerant gel pack
- **Intended Use:** Temporary transport and preservation of food and beverages, keeping them cold or warm for a limited time (depending on usage configuration)

Composition and Materials

• Main Components:

- Plastics
- Metals
- Textiles

• Fabric Composition:

- 75% Polyvinyl Chloride (PVC)
- 25% Polyester

• Refrigerant Gel Pack Composition:

- Water
- Glycerol
- Carboxymethylcellulose

*Non-toxic substances. **For external use only.***

Dimensions and Weight

- **Size (H x W x L):** 10 cm x 13 cm x 23 cm
- **Total Weight (approx.):** 200 g

Recommended Uses

- Ideal for carrying **small lunches, snacks, or light meals** on a daily basis.
- Perfect for school, office, day trips, short travels, or outdoor activities.
- Can be used with the gel pack to keep items cold or without it to maintain the warmth of pre-heated foods.

Compatibility

- Compact size fits most backpacks, bags, and strollers.
- Included gel pack is reusable and can be used in other similar thermal bags.
- Not suitable for keeping hot food if used simultaneously with the gel pack.

Care and Maintenance

- **Clean** with a damp cloth and mild soap.
- Do **not** machine wash or submerge in water.
- Do **not** use abrasive cleaners, solvents, or bleach.
- Allow to air dry completely before storing.
- Store in a cool, dry place away from direct sunlight or heat sources.

Key Features

-  Reusable
-  Easy to clean
-  Includes non-toxic, reusable gel pack
-  Available in a variety of colors and models: HXSCB-PINK, HXSCB-DINNY, HXSCB-BIRDIE, HXSCB-BLUE & HXSCB-BLACK
-  Secure and practical closure to preserve temperature
-  Suitable for keeping food cold or warm (depending on use)
-  Compact, lightweight and easy to carry

The **HUNIOX® Snack Cool Bag** is designed to offer a practical, safe, and reusable solution to keep your food fresh anytime during the day.
