Wall-mounted steel bike rack

	Huniox Bike Huniox Huniox Bike
--	--------------------------------------

INTRODUCTION

Please read this manual completely and carefully before taking any action with the equipment to ensure proper use. The information provided is for reference only; due to updates, there may be differences. The images shown are for illustrative purposes. The product's design and functionality may change without prior notice.

BOX CONTENTS

	Wall-mounted steel bike rack, wall plugs, screws, magnetic cover, security key, and velcro strap.
---	---

SAFETY AND WARNINGS

- ⚠ To ensure safe use of this product, please follow these precautions and warnings.
- **IMPORTANT:** The included mounting kit is only suitable for brick, stone, or wooden walls. (For wooden walls, install the screws directly into the wall. Do not use wall plugs.)
 - **Choking Hazard:** This product is not a toy. Keep out of reach of children.
 - **Maximum load:** 20 kg.
 - Suitable for handlebars with a maximum width of 72 cm.
 - Maximum top tube diameter: 50 mm.
 - Compatible with all standard top tube shapes.
 - **Secure Installation:** Ensure the rack is installed on a sturdy wall capable of supporting the weight of the bicycle. It is recommended to use appropriate anchors for the wall type.
 - **Liability Notice:** Huniox is not responsible for any damage resulting from improper installation or misuse of the product.
 - **Check installation before use:** Ensure the rack is correctly installed and securely attached to the wall before hanging a bicycle.
 - **Do not hang on the rack:** This rack is not designed for hanging people. Avoid hanging from the rack, as this may cause it to detach from the wall or get damaged, posing a safety risk to both the product and individuals.

IMPORTANT: This product is **NOT A TOY**. Keep it out of reach of children to prevent potential accidents.

⚠ **MAXIMUM LOAD: 20 KG**

PRODUCT PREPARATION

Unpack the product and verify that all parts are included in the package you received and are in good condition for use. If any parts are defective or broken, do not assemble or use the product. Instead, repack everything in the box and request a replacement.

Product Assembly

To assemble the product correctly and use it properly, please follow the steps outlined below.

Step 1: Introduction and materials provided for installation

Carefully read the Huniox Bike installation instructions to ensure your wall is strong enough to support the weight of the bicycle and the rack. It is recommended to install the rack at a height that allows for the comfortable placement of the bicycle and its accessories. The kit includes the rack, a velcro strap, a magnetic cover, six 4.5 x 50 mm yellow chromated countersunk security screws, six anti-collapse Nylon FX6 wall plugs, a security key, and an instruction manual.

Step 2: Materials Required for Installation

	To complete the installation, you will need a drill, a 6 mm drill bit, and a level to ensure proper alignment of the rack during the process.
--	---

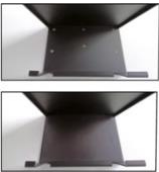

Step 3: Template

	Hold the Huniox Bike rack in the desired position. Place the level on top of the rack and use a pencil to mark the six holes that need to be drilled. This step can also be done using the included template.
--	---

Step 4: Drill and Insert Wall Plugs/Screws

	Remove the Huniox Bike rack and drill the six marked holes. Insert the six wall plugs into the drilled holes. Then, position the Huniox Bike rack against the wall and fasten it securely by tightening the screws with the provided security key.
--	--

Step 5: Magnetic Cover

	Place the magnetic plate on the front of the rack to cover the screw area, making the Huniox Bike rack more discreet and decorative.
--	--

Step 6: Velcro

	Before placing the bicycle on the Huniox Bike rack, ensure that the front wheel is securely attached to the bike frame using the included Huniox velcro strap.
--	--

Step 7: Ready to Use

Once installed, test the rack's strength by applying light pressure to confirm that the installation was done correctly and that the rack is firmly secured to the wall.

Available colors: *HUNIOXBIKE-B, *HUNIOXBIKE-W, and *HUNIOXBIKE-R.

USAGE INSTRUCTIONS

Product Use

For the best user experience, carefully follow the usage instructions below and adhere to our recommendations. This will ensure proper use and better maintenance of the product.

Preparation Before First Use

	Before using the product for the first time, follow these steps: Read the installation instructions and maximum weight guidelines to ensure that the bicycle and its accessories do not exceed the recommended load capacity of 20 kg. Install the rack correctly, ensuring it is firmly anchored to a suitable wall using the included screws. After installation, check the rack's stability by applying light pressure to confirm it is securely fastened. When handling and using the rack, hold the bicycle and carefully place it onto the rack, making sure it is well balanced and secure before releasing it. When removing the bicycle, do so cautiously, avoiding abrupt movements that may compromise the stability of the rack or the bicycle.
--	--

MAINTENANCE AND CARE

Store the product in a dry place at room temperature, away from direct sunlight. Avoid exposure to extreme conditions. Always follow the manufacturer's specific instructions for proper use and care. Dispose of this product responsibly according to local regulations at the end of its useful life. Following these recommendations helps maintain the quality and performance of your product for a longer period. If the product is handled by a minor, please ensure an adult is supervising to prevent any harm to the person.

To ensure the durability and proper functioning of your product, follow these maintenance and care tips:

- 1. **Regular Cleaning:**
 - Clean the rack with a soft, damp cloth to remove dust and dirt.
 - Avoid using abrasive cleaning products or solvents that may damage the paint or finish of the rack.
- 2. **Periodic Inspection:**
 - Perform regular inspections to ensure that all screws and components are securely fastened.
 - Check the stability of the rack and ensure there are no signs of wear or damage.
- 3. **Do Not Overload the Rack:**
 - Ensure you do not exceed the maximum weight capacity (20 kg).
 - Avoid hanging more than one bicycle or adding additional items that could excessively overload the rack.
- 4. **Avoid Exposure to Extreme Conditions:**
 - Do not expose the rack to extreme temperatures, humidity, or water, as this could affect its durability and functionality.
 - If located outdoors, consider protecting the rack with a cover or storing it in a dry place when not in use.
- 5. **Replace Damaged Components:**
 - If you detect any broken or damaged parts, replace the affected parts before using the rack again.
 - Do not use the rack if any of its parts are compromised to avoid accidents.
- 6. **Secure Installation:**
 - Ensure the rack is properly installed on a sturdy wall, using appropriate anchors for the type of wall.
 - Verify that all components are securely fastened before hanging the bicycle.
- 7. **Additional Care:**
 - Do not use the rack for any purpose other than hanging bicycles, as this could affect its stability and performance.
 - Avoid allowing children or unauthorized individuals to use the rack to prevent accidents.
 -

By following these guidelines, you can keep your bike rack in optimal condition, ensuring its long-term durability and functionality.

GENERAL SPECIFICATIONS

- **Name:** Huniox Bike
- **Brand:** Huniox
- **Model:** Huniox Bike
- **Dimensions:** 36 cm x 14.5 cm x 24.5 cm
- **Weight:** 3940 g
- **Included in the Box:**
 - Bicycle rack
 - Wall plugs and screws for installation
 - Security key

- Magnetic cover
 - Velcro strap
 - Instructions
 - **Materials:** Steel
 - **Maximum Load Capacity:** 20 kg
 - **Installation Type:** Requires drilling
 - **Available Colors:** Red, black, and white
 - **Recommended Use:** Wall-mounted bicycle rack
 - **Compatibility:** Suitable for bicycles with handlebars up to 72 cm in width and top tubes up to 50 mm in diameter
- These specifications ensure that the Huniox Bike rack is functional, durable, and easy to install on most walls, providing a safe and practical solution for bike storage.

Materials Used in the Product:

- **Metals: Steel**
- Usage:** The Huniox Bike rack is designed to safely hang bicycles on the wall, saving space while keeping the bicycles organized and accessible. It is suitable for home use, offices, or garages, providing a practical and efficient solution for storing bikes in an orderly manner.
