Cold pack set

HUNIOX ICE PACK

INTRODUCTION

Please read this manual carefully and completely before taking any action with the equipment, in order to understand how to use it properly. The information is provided for reference only; due to updates, there may be differences. The images shown are for illustrative purposes only. The product's design and operation may vary without prior notice.

BOX CONTENTS

Cold pack set, funnel, stoppers, and instructions.

SAFETY AND WARNINGS

⚠ To ensure the safe use of this product, please observe the following precautions and warnings:

- **Choking hazard:** This product is not a toy. Keep out of reach of children.
- Do not reopen or refill the pack once it has been activated with water.
- Do not ingest the contents. The gel is non-toxic but not intended for consumption.
- Do not apply directly to the skin for extended periods (risk of cold burns).
- Handle with care when frozen, especially when bending.
- Do not puncture, cut, or hit the pack.
- Do not use if the pack is damaged or leaking.
- Keep out of reach of pets when unsupervised.
- In case of rupture or leakage, remove immediately and keep children away.
- If contents come into contact with eyes or mouth, rinse thoroughly with plenty of water.
- Do not heat in microwave, oven, or expose to heat sources.
- Do not leave exposed to sunlight or inside hot vehicles for long periods.
- Store in the freezer when not in use to keep it ready.
- If leakage or visible damage occurs, dispose of the product safely.

IMPORTANT: This product **IS NOT A TOY**. Keep it out of reach of children.

PRODUCT PREPARATION

Unpack the product and check that all parts included in the package are present, intact, and in good working condition. If any part shows defects or damage, do not assemble or use the product. Instead, return all components to the box and request a replacement.

Product Assembly

To ensure correct assembly and proper use of the product, follow the instructions detailed below or refer to the guide included in the package.

Step 1: Filling:

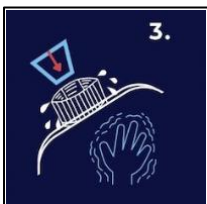

Before opening, gently tap the pack several times to move the beads to the bottom. This will help prevent spillage when opening the cap.
Unscrew the cap, add 350 ml of water, and use the included funnel to make filling easier.

Step 2: Air removal:

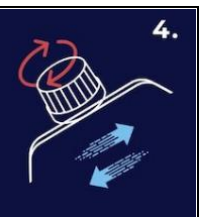

Gently press the pack until the liquid rises to the top and the air is expelled

Step 3: Sealing

Firmly insert the blue silicone stopper into the spout to prevent leaks before shaking.

Step 4: Activation, Freezing, and Reuse:

Place and securely screw on the white cap.
Shake the pack for a few seconds and let it sit for 10 minutes until the gel forms. Freeze the pack for 24 hours before first use.
To reuse, freeze it for at least 8 hours.

INSTRUCTIONS FOR USE

Product Use

For the best user experience, carefully follow the usage instructions below along with our recommendations. This will ensure proper use and better care.

Preparation Before First Use

	Before first use, carefully read the preparation instructions. The kit includes a funnel and a blue silicone stopper for each pack, designed to make the process easier. You will also need a measuring cup to add exactly 350 ml of water into the pack. Make sure all stoppers are properly placed and sealed, as correct closure is key to the product's optimal performance.

MAINTENANCE AND CARE

Store in a dry place at room temperature, away from direct sunlight. Avoid exposure to extreme conditions. Always follow the manufacturer's specific instructions for proper use and care. Dispose of this product responsibly according to local regulations when it reaches the end of its lifespan. Following these recommendations helps preserve the quality and performance of your product for a longer time. If the product is handled by a child, a responsible adult must supervise to prevent injury.

Care When Cleaning and Using the Product

Follow these recommendations to ensure your product does not deteriorate prematurely. If you notice significant wear, such as severe discoloration, yellowing in normally transparent areas, cracks, or splits, please replace the product.

To ensure safe use and proper condition of your **HUNIOX® Ice Pack**, follow these guidelines:

1. Cleaning:

- Clean only the exterior with a damp cloth.
- Warm water and a bit of mild soap may be used if necessary.
- Do not submerge the pack in water or place it under running water.
- Do not put it in the dishwasher.
- Dry with a soft cloth or let it air dry before refreezing or storing.
- Rinse thoroughly to remove any soap residue.

2. Additional Care:

- Do not open the pack or tamper with its internal contents.
- Do not use abrasive cleaners, bleach, or harsh chemicals.

3. Proper Use:

- Do not apply directly to the skin to avoid cold burns.
- Handle with care when frozen, especially when bending.
- Do not puncture, cut, or hit the pack.
- In case of rupture or leakage, remove the product immediately and keep children and pets away.
- If contents come into contact with eyes or mouth, rinse thoroughly with plenty of water.

4. Storage:

- Store the Ice Pack in the freezer when not in use to keep it ready.
- If leakage or visible damage is present, dispose of it safely.

By following these guidelines, your **HUNIOX® Ice Pack** will function safely and remain in optimal condition for a longer period.

GENERAL SPECIFICATIONS

- **Name:** Huniox Ice Pack
- **Brand:** Huniox
- **Model:** Huniox Ice Pack - **REF: HXICEPACK2, HXICEPACK4, HXICEPACK6**
- **Included in the box:** Cold pack set, funnel, stoppers, and instructions
- **Dimensions:** 19 cm x 16.5 cm
- **Weight:** 22 g
- **Capacity:** Ideal for keeping drinks and food cold during transport or extended use
- **Material:** Plastic, silicone, and metals

Design:

- o Flexible and slim design for easy fit in various containers and spaces
- o Durable outer surface with secure sealing to prevent leaks

Recommended Uses:
Cold preservation in coolers, thermal backpacks, etc.

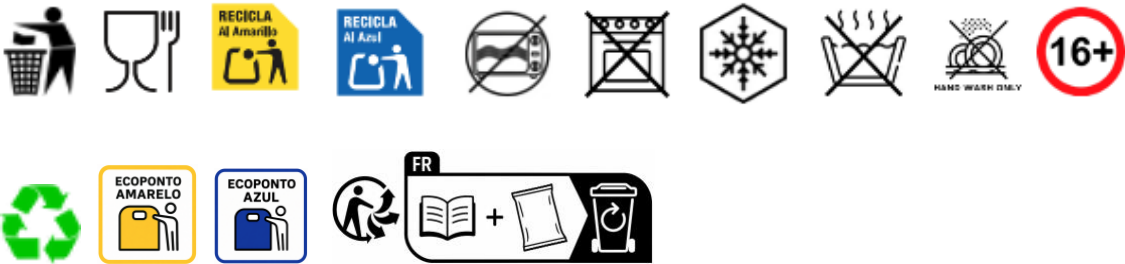

Compatibility:
Not suitable for microwave or direct heat sources.
